EMCal Test Beam Electronics

- Building for high rapidity sections:
 - 4 2x8 modules (19-20-21-22)
 - Need to coordinate with EMCal group on SiPOM placement.
 - Active cooling?
 - SiPMs on separate sub-assembly?
- Are there changes needed for controller boards?
- Read out through new digitizers
 - HBD digitizers will also be coming along for the ride.
- Time Frame:
 - Beam test scheduled for jan 2017
 - Pack up late Dec 2016
 - Need operational in high bay in Nov 2016
 - First EMCal modules Oct 2016???
